

### SPECIFICATION

Surface Mounted Roll Paper Towel Holder with controlled delivery spindle shall hold and dispense all standard core roll paper towels up to 152mm in diameter and shall be fabricated of die cast aluminium with a satin matte silver-grey finish. The "no waste" rocking action spindle shall be fabricated of impact resistant, ABS thermoplastic and be theft resistant with a concealed release mechanism. Spindle shall rotate ½ revolution for each operation and return to its original position. Roll core shall not be removable until paper is exhausted.

### INSTALLATION

Unit is surface mounted on wall using No. 10 self tapping screws (supplied by others). For mounting height standards refer to current Building Code of Australia for able bodied and/or disabled use.

### WARRANTY

One year.

### OPERATION

Spindle revolves ½ revolution for each operation and then returns to its original position. Paper towel roll core prevents access to release pin and cannot be removed from spindle until exhausted. Unit is replenished by releasing a concealed pin which in turn releases a spring lock mechanism on spindle.

**Surface Mounted Roll Paper Towel Holder** with controlled delivery shall be Model No. 10-8165 as supplied by ASI JD MacDonald.

 All ASI JD MacDonald disabled compliant products when installed must be in accordance with AS1428 to ensure the specified product is complying with all washroom specification requirements.
