

#### **SPECIFICATION**

Shower Curtain Rods shall be fabricated of grade 304 stainless steel with a satin finish and are available with fixed end flanges or loose end flanges. There are various straight and 'L' shape lengths available. L-shape rods shall include a 1000mm ceiling support. Rod diameter is 25mm. Rods with loose end flanges can be cut to size on site.

#### **OPTIONS**

ASI JD MacDonald curtains to suit rod lengths are available in Box Stripe Polyester or Nylon Taffeta. (See JDMCURT specification sheet). Satin Stainless Steel hooks are also available (see 1200-SHU specification sheet).
