# OPERATION & MAINTENANCE

Under normal usage, Stainless Steel products require regular cleaning. Easiest is with a soft clean rag moistened with a mild detergent followed by water-moistened clean rag and then a dry rag, much the same as stainless steel sinks, pots & pans and eating utensils. For a "new" look surfaces can be wiped with lemon oil applied by soft polishing cloth to maintain sheen.

# Technical Information / Product Properties

Property	Value
Dimensions	Back rest pad 350mm wide x 152mm high Overall width 600mm. Wall fixing plate 156mm high
Construction	PBR35A Austenitic 304 stainless steel, polyurethane padded back rest PBR35A-41 Matte Black powder coat Austenitic 304 stainless steel, polyurethane padded back rest
Mounting	Surface Mounted

#### INSTALLATION

- To comply with Australian Standards AS1428.1.
- Can be cut to size on site as per installation instructions provided.

#### WARRANTY

1 year.
